The background is a dark, almost black, marble surface with intricate, thin white veins that crisscross across the entire area, creating a complex, organic pattern. The lighting is subtle, highlighting the texture of the stone.

*Sadece mat ürünler için geçerlidir.

*Valid for Matte products only.

*Parlak ürünlerin çizilme dirençleri düşüktür. Parlak ürünlerin üzerinde kesme, doğrama vb. işlemlerden ve metal eşyalar ve sert cisimlerin direk temasından kaçınılmalıdır. Kesme işlemleri için kesme tahtası kullanılması önerilir.

*Parlak ürünlerin yüzeyi mutfak gereçleri benzeri cisimlerin düşmesi yada teması ile oluşacak darbelerle karşı dirençli değildir. Üzerlerine mutfak gereçlerinin düşmelerine karşı dikkatli olunmalıdır.

*Parlak ürünlerin yüzey temizliği için oluşan leke ve kirlerin zaman geçirmeden ve standart alkalin bazik ev temizlik deterjanları ile yapılmalıdır. Ayrıca lokal çizgiler oluşmaması için sert bulaşık pedleri ve sert aşındırıcılar ile ovalama işleminden kaçınılmalıdır.

*Scratch resistance of glossy products is low. Processes such as cutting and chopping on glossy products and direct contact between them and metal and rough objects should be avoided. A cutting board is recommended for cutting processes.

*The surface of glossy products is not resistant to the impacts caused by objects, such as kitchen utensils, which fall to them or contact with them. Care should be taken about falling kitchen utensils to them.

*Stains and dirt formed on the surface of glossy products should be cleaned with standard alkaline cleaning agents without delay. In addition, scrubbing with tough dish pads and hard abrasives should be avoided so as not to create local lines.
