WATERFALL

Waterfall series stands out with its designs that suit the unique allure of water, and appeals to all tastes with 4 different color alternatives while presenting the texture of natural stone and marble with spectacular interpretations. Waterfall Blue, Sea Nature and Aqua Stone Green tiles add a lively gleam to the space with crystal textures when used in the pool; whereas Aqua Stone Gray tiles are preferred around the pool as they minimize the risk of slipping with their antislip surface. Combining comfort with aesthetics, this special series appears in many living spaces with its 30x60 cm dimensions.
