Doğru Aydınlatma İçin **Seramik Seçimi.**

Ceramic Selection for
Proper Lighting.

Tasarım Hikayesi

Design History

Osmanlı ve Selçuklu kültürlerinin zengin tarihsel dokusu.

Can Yalman

Rich and historical texture of the Ottoman and Seljuk Cultures.

Saray avlularında dolaşmış kaftanlar, cariyelerin göz nuru altın sırmalar, tarihe tanıklık etmiş geleneksel motifler, seramiklere dönüşüp modern mekanlara geçmişten izler taşıyor. Yepyeni formları ve özel döşeme yöntemleriyle Can Yalman tarafından tasarlanan Orientile serisi farklılığınızı yansıtıyor.

From caftans wandering in the palace courtyards to the painstaking designs of concubines' gold threads, history-witnessing traditional patterns transform into ceramics, bringing traces of the past to modern places. With its brand new forms and special tiling methods, the Orientile series designed by Can Yalman reflects our difference.

Aya Serisi

AYA SERIES

Sultanların giydiği kaftanlardan damlayan asalet... Cariyelerin elişlerinden atlaslara taşınmış formlar, duvarlarınızda üçüncü boyut kazanıyor.

Nobility dripping from the Sultans' caftans... The forms passed on from the handicrafts of the concubines gain a third dimension on your walls.

Feza Serisi

FEZA SERIES

Selçuklu kültürünün tarihsel unsurlarıyla birbirini tamamlayan parçalar. Ahşap ve taş kakma ustalarının yüzyıllar boyunca kullandığı formlar, yeniden hayat bularak evlerinize geliyor.

Pieces complement each other using historical components from the Seljuk culture. Used for centuries by the wood and stone inlaying masters, these forms find a new life in your home.

Rumi Serisi

RUMI SERIES

Bir hattatın fırçasından çıkmış altın dokunuşlar. Elyazması kitaplardaki renkler ve çizgiler adeta duvarlarınızda canlanıyor.

Golden touches flourished with the brush of a calligrapher... The colors and lines in the manuscripts come to life on your walls.

Tasarım Hikayesi

Design History

Doğanın mükemmelliği insanın en büyük ilham kaynağıdır.

Here, the excellence of nature serves as the main source of inspiration.

Can Yalman

Reptile Koleksiyonu'nda Can Yalman, doğanın yılan ve timsah derisinden gelen vahşi dokularının yansımalarını seramik karolara taşıyarak hem yenilikçi hem de doğal görünümlü seramikler tasarladı. Reptile Koleksiyonu doğal dokuları seramik yüzeylere işlemekle kalmadı seramiklerle dokuları yarattı. Bu seriyle duvarlar yeniden hayat buldu, mekanlar nefes aldı. Reptile, vahşi güzelliğe sadece bakmakla yetinmeyip hissetmek isteyenlere.

In the Reptile Collection, Can Yalman reflects the wild textures of snake and alligator skins on ceramic tiles, in order to create designs that are innovative and natural looking. The Reptile Collection not only carries natural textures onto ceramic surfaces, but also adds skin textures onto walls. Through this series, walls find new life, and indoor areas start living. The Reptile Collection is for those who wish to admire wild beauty and feel it closely.

Vahşi doğanın gizemi.

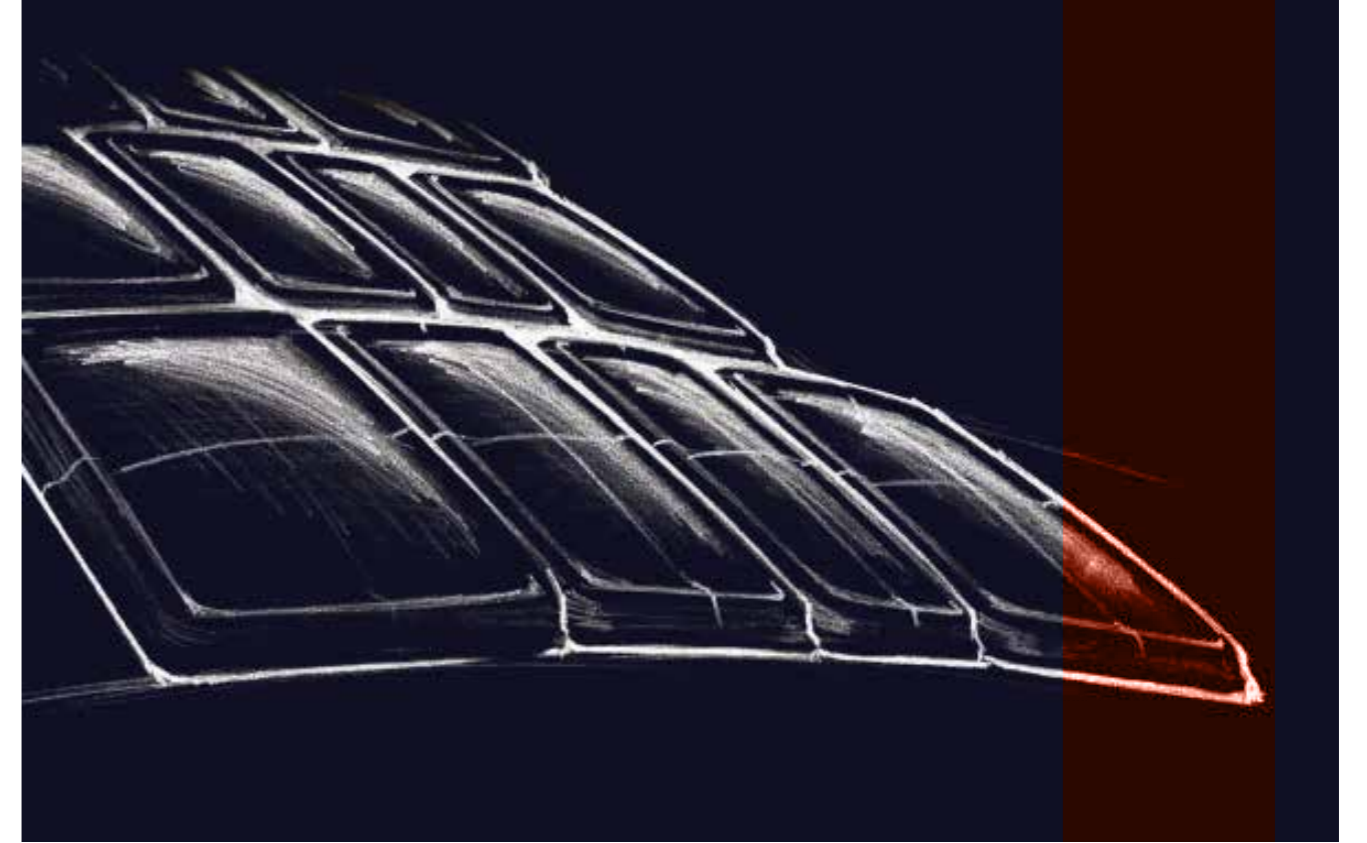

Reptile koleksiyonunun Snake serisi, birebir yılan derisiyle aynı dokuya sahip. Snake serisindeki seramik karolar, yılanın eşkenar dörtgen görünümlü pullarından ilham alınarak yaratılmıştır.

Imagination captured from the wild.

Snake series in the Reptile collection, has exactly the same texture as the actual snake skin. The Snake series is inspired by the rhombus-shaped scales of the snake.

Crocodile Serisi

CROCODILE SERIES

Güçlü, dayanıklı, vahşi.

Crocodile serisi, beş farklı boyuttan oluşuyor ve bir araya getirildiklerinde gerçek timsah derisi üzerindeki desen çeşitliliğini yansıtıyor. Seri renkleri saf beyazdan çılgın bej - yeşil tonlarına ulaşıyor.

Strong, tough and wild.

Crocodile series comprised of five different sizes which, when brought together, reflect the pattern diversity on the real crocodile skin. The color of the series extends from pure white to crazy beige - green crocodile tones.
